Education:

Highschool Graduate

Bachelor's Degree in Mathematics:

University of Ioannina, Department of Mathematics

Degree Score: 6.73

Programming Track Courses Taken:

- Introduction to Computers (C++)
- Introduction to Programming (C++, Python)
- Object Oriented Programming (C++)
- Data Structures
- Design and Development of Web Applications (HMTL, CSS, PHP, JavaScript, mySQL)
- Programming for Data Science (Python, Pandas)
- Automata Theory
- Graph Theory
- Design and Development of Algorithms
- Probability and Statistical Theory
- Introduction to Symbolic Mathematics (Maxima)

Additional Skills:

- | | |
|--|--|
| • Programming languages I am proficient in: C++, Python (Including: Pandas, NumPy, PyPlot), Maxima, HTML, LaTeX. | • Familiarity with GitHub, where my personal projects are located. |
| • Programming languages I am familiar with: CSS, JavaScript, PHP, mySQL, Pascal, Lua. | • C2 in English, Greek as mother tongue. |
| • Long term Linux usage on a daily basis, familiarity with various distros and open source software. | • Attendance of 8 th NTUA Summer School: "Algebra: classic topics and current trends" |
| | • Volunerring work: Blood Donor |
| | • Hobbies: Drawing, Kendo. |
